FOR THE BOARDING STABLE AND OWNER

IS SUPPLEMENTING AN ISSUE AT YOUR BARN?

Current supplement systems create work: opening, scooping, measuring, and re-sealing several supplements per horse takes up time!

Current Supplement Management: keeping track of tedious supplement schedules and supplies and notifying owners.

Current Supplement Storage and Administration: not sure if you are the only one using your supplements or if they are properly stored, or if your horse even gets them?

Current Weekend Feeder: Confused by too many dosage rates, supplements, feeds and schedules?

Current Supplements at Shows: tired of packing buckets to supplement while you're on the road?

PUT AN END TO ALL OF IT

THE FIGURE SEVEN creates a simple peel and dump daily pack of individualized supplements.

Log on, select supplements from our extensive inventory of popular supplements, and keep track with our account management system.

Feeding directions are as simple as peel and dump. Labeled with each horse's name, enjoy the peace of mind that comes with one step supplementing that anyone can do.

Save up to 15% off your supplement system when multiple Stable Mates purchase.
